**DOMESTIC SECTION 214 APPLICATION FILED FOR THE TRANSFER OF CONTROL OF

TO WILKES TELEPHONE MEMBERSHIP CORPORATION**

NON-STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 18-95

Comments Due: April 20, 2018
Reply Comments Due: April 27, 2018

By this Public Notice, the Wireline Competition Bureau seeks comment from interested parties on an application filed by Tri-County Telephone Membership Corporation (TTMC), Tri-County Communications, Inc. (TCI), and Wilkes Telephone Membership Corporation (WTMC) (collectively, Applicants), pursuant to section 214 of the Communications Act of 1934, as amended, and sections 63.03-04 of the Commission's rules, requesting approval to transfer control of TTMC and TCI to WTMC.¹

TTMC, a North Carolina cooperative association, provides services as an incumbent LEC in Beaufort, Hyde, and Washington Counties in eastern North Carolina. TCI, a North Carolina corporation and wholly owned subsidiary of TTMC, provides competitive LEC, interexchange, and

¹ See 47 U.S.C. § 214; 47 CFR §§ 63.03-04; Domestic Section 214 Application for the Transfer of Control of Tri-County Telephone Membership Corporation and Tri-County Communications, Inc. to Wilkes Telephone Membership Corporation, WC Docket No. 18-95 (filed Mar. 26, 2018) (Application). Applicants also filed applications for the transfer of authorizations associated with international licenses. Any action on this domestic section 214 application is without prejudice to Commission action on other related, pending applications. WTMC is the parent company of RiverStreet Management Services, LLC (RiverStreet), which has two domestic section 214 applications pending at the Commission. *Domestic Section 214 Application Filed for the Transfer of Control of Peoples Mutual Telephone Company and Peoples Mutual Long Distance Company to RiverStreet Management Services, LLC*, WC Docket No. 17-365, Public Notice, DA 18-48 (WCB Jan. 16, 2018) (application by RiverStreet to acquire control of Peoples Mutual Telephone Company (PMTC), an incumbent local exchange carrier (LEC) in Pittsylvania County, Virginia, and PMTC's wholly owned interexchange carrier subsidiary); Domestic Section 214 Application for the Transfer of Control of Ellerbe Telephone Company, Inc. and ETCOM, LLC to RiverStreet Management Services, LLC, WC Docket No. 18-94 (filed Mar. 26, 2018) (application by RiverStreet to acquire control of Ellerbe Telephone Company, Inc. (Ellerbe), an incumbent LEC in Richmond County, North Carolina, and Ellerbe's competitive LEC subsidiary).

video services in Beaufort County and interexchange and video services to TTMC's incumbent LEC customers.

WTMC, a North Carolina cooperative association, provides incumbent LEC services to subscribers in the exchanges of Boomer, Champion, Clingman, and Lomax in western North Carolina, in and around Wilkes County. WTMC wholly owns RiverStreet, a North Carolina corporation, which, in turn, owns 100 percent of the issued and outstanding stock of three other rural North Carolina incumbent LECs: Barnardsville Telephone Company, Inc., Saluda Mountain Telephone Company, Inc., and Service Telephone Company, Inc. Subsidiaries of RiverStreet and WTMC also provide or are authorized to provide competitive LEC services and other telecommunications services in North Carolina and Virginia.² In addition, WTMC wholly owns Wilkes Communications, Inc. (WCI), a North Carolina corporation providing competitive LEC services in areas bordering WTMC's incumbent LEC operations and that provides interexchange and video services in the incumbent LEC and competitive LEC footprints of WTMC and its affiliates. Applicants state that WTMC is owned by its members/subscribers and that no single member/subscriber owns or controls more than five percent of WTMC's equity.

Pursuant to the terms of the proposed transaction, TTMC will merge into WTMC, and TTMC will cease to exist, with WTMC remaining as the surviving entity. TTMC's subsidiary company, TCI, will maintain its separate existence as a wholly owned subsidiary of WTMC. Applicants assert that a grant of the application will serve the public interest, convenience, and necessity. Because the transaction is more complex than usual, in order to analyze whether the proposed transaction would serve the public interest, this application will not be streamlined.³
